This list of archaeological sites is from the NZ Archaeological Association file of Recorded Sites. It has been compiled from individual surveys over time, and is not the result of a systematic survey of the District. There will be other archaeological sites that have not been recorded. The existence of a recorded *site* often indicates that it is likely that there will be further sites nearby. The sites are located by the grid reference, which is the southwest corner of a 100 metre square. Further information can be obtained from the NZ Archaeological Association.
