

Statement of Proposal

Manawatū District Council Planning Service Charges 2024/25

1 Introduction

This statement of proposal has been prepared to fulfil the requirements of section 83 of the Local Government Act 2002 and Section 36(3) of the Resource Management Act 1991.

The Council reviews its Planning service charges annually. Prior to fixing fees under Section 36(2) of the Resource Management Act 1991 (the Planning service charges), the Council is required to consult on the proposed fees using the special consultative procedure detailed within the Local Government Act 2002, prior to adoption by the Council.

2 Background

Funding splits

The funding splits for consent planning were consulted on during the Long-term Plan 2024-34 consultation period (27 March to 27 April 2024). Unfortunately there was a typographical error in the Consultation Document which provided the incorrect percentages for the options. All the other information in the table was correct, and the online feedback form and Council's website displayed the correct options.

Service charges

The Planning service charges are set according to the Resource Management Act 1991. These enable the Manawatū District Council to recover the costs of processing applications, monitoring consents, for notice of requirement designations and private District Plan changes. The Council's fees and charges for 2024/25 have been proposed in alignment with the Council's Revenue and Financing Policy. This Policy determines the basis used to calculate the level of fees and charges needed to recover costs.

3 Proposal

The adjusted fees are proposed to apply from 1 July 2024.

The fee is a lodgement fee only for applications for alterations to designations, engineering approvals and inspections, review of development contribution, requests for plan changes and road stoppings. The lodgement fee is the amount required up front when lodging an application. Council will take no action on the application in accordance with section 36(7) until this amount is paid.		
2. Section 36 of the Resource Management Act enables the Manawatu District Council to charge additional fees. These are fees to recover actual and reasonable costs incurred where the actual and reasonable costs exceed the lodgement fee (fixed charge) paid. Council will charge any costs incurred through the engagement of external expertise to the applicant at cost.		
3. Council will charge fees to cover actual and reasonable costs incurred. It will charge the applicable staff charge-out rate together with the costs associated with employing the services of professional consultants where necessary. It will recover actual and reasonable costs associated with any required consent hearing from the applicant.		
4. Where specialist peer-review reports are required, the applicant is required to pay a lodgement fee of \$500.00 per report when lodging an application. The applicant then pays the full amount on the completion of the report/assessment.
